## **DETAILED ACTION**

### ***Election/Restrictions***

1. Applicant's election of Group I comprising the species of claim 1 in the reply filed on March 26, 2005 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).
2. Claims 2-19 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species or group, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on March 26, 2005.

### ***Claim Rejections - 35 USC § 102***

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by DE 3829455 A1 (see English abstract) as per reasons of record.

### ***Response to Arguments***

5. Applicant's arguments filed August 8, 2005 have been fully considered but they are not persuasive. In response to applicant's argument that the reference compound is outside the scope of the present claim, it is noted that the features upon which applicant relies (i.e., present compound can have a methylene at only the 1 or 4 position but not both) are not recited in the rejected claim(s). Although the claims are interpreted in light of the specification, limitations

from the specification are not read into the claims. See *In re Van Geuns*, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993). As presently recited, the present claim reads on the compound of the prior art.

6. The 35 U.S.C. 112, second paragraph, has been withdrawn in light of applicants' comments.

***Conclusion***

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

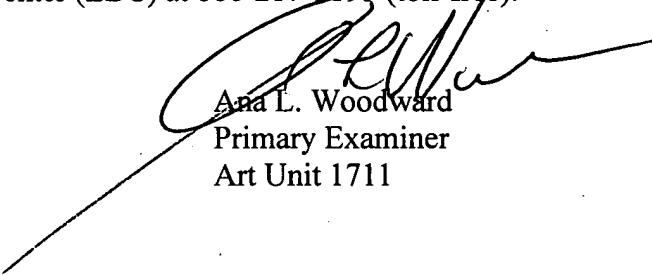

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
